Dear Sir:

In response to the Notice of Drawing Inconsistency with Specification mailed August 24, 2007, the specification, paragraphs [0015] and [0028], were amended to mention new Figure 9 in the Amendment filed March 14, 2005.

The paragraphs were amended as follows:

[0015] FIG. 2 ~~is a~~ and FIG. 9 are block diagrams schematically illustrating the configuration of a data output circuit having an off-chip driver circuit according to an embodiment of the present invention;

[0028] The delay circuit that can be connected to each of the off-chip drivers may be constructed to delay the data signal (DATA) with the delay circuit added to the input terminal of the off-chip driver, or may be constructed to delay the output signal outputted from the off-chip driver with it added to the output terminal of the off-chip driver, as show in FIG. 9.

In view of the above remarks, applicant believes the application is in condition for issuance.
